'Phone 365 THE PIN-TON 'Phone 365

Louis Liebert returned to his home in Kansas City Sunday evening after a visit here with Wingfield Pettit.

Howard Hart of Windsor, Mo., and Miss Nellie Virginia Hart of Kansas City spent Sunday here with Mr. and Mrs. N. E. Baskett.

### Rank Foolishness

You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in midsummer as in mid-winter. The microbe that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effectual and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable Everywhere.

Mrs. A. Ingales returned to her home in Larnard, Kansas Sunday evening after a visit here with her son at Wentworth.

### How to Prevent Croup

When the child is subject to attacks of croup, see to it that he eats a light evening meal, as an overloaded stomach may bring on an attack, also watch for the first symptom—hoarseness, and give Chamberlain's Cough Remedy as soon as the child becomes hoarse. Obtainable Everywhere.

Miss Ruth Patton who has been visiting Mrs. M. B. Simpson returned to her home in Kansas City Sunday evening.

### Sign of Good Digestion

When you see a cheerful and happy old lady you may know that she has good digestion. If your digestion is impaired or if you do not relish your meals take a dose of Chamberlain's Tablets. They strengthen the stomach, improve the digestion and cause a gentle movement of the bowels. Obtainable Everywhere.

Mrs. S. J. Houston went to Blue Springs, Mo., Monday for a visit with her daughter, Mrs. R. L. Yater.

### When to Take Chamberlain's Tablets

When you feel dull or stupid after eating.  
When constipated or bilious.  
When you have a sick headache.  
When you have a sour stomach.  
When you belch after eating.  
When you have indigestion.  
When nervous or despondent.  
When you have no relish for your meals.  
When your liver is torpid.  
Obtainable Everywhere.

Mrs. B. C. Drummond went to Wellington Monday morning to spend the day.

## WORLD'S LEADING TOBACCO TOWN

Winston-Salem, N. C., Now Manufactures More Tobacco Than Any Other City

Following are extracts from an address delivered by Col. A. D. Watts, Collector of Internal Revenue for the Fifth District of North Carolina, at a smoker given by The Twin City Club, Winston-Salem, February 4th, 1916:

"Winston-Salem is supplying one-fourth of all the chewing and smoking tobacco consumed in the United States, besides exporting vast quantities to foreign lands. This statement is taken from the report of the commissioner of the Internal Revenue for the first quarter of the present fiscal year, and from private advices from Washington, as to the second quarter, which ended December 31st, last.

"Your city is making one-seventh of all tobacco products—chewing and smoking tobacco, cigars, cigarettes and snuff—manufactured in the United States. Your manufacturers are paying on an average about \$37,000 a day revenue taxes to the government and the amount is increasing from month to month. When your government building, much the handsomest in the state, was completed last July at a cost of \$250,000 your newspapers made the statement that the taxes paid in your city to Uncle Sam for the first eight years of its occupancy would pay for it. Since September, it has taken only a fraction over seven average days collections here to equal its cost. So far this week, Mr. Cranford, has taken in \$206,428.50. I predict that before 1916 shall have ended your average weekly payments to the government on tobacco will more than pay for this magnificent building, leaving the collections for the other fifty-one weeks as clear profit to the government.

### Tobacco Shipments

"Winston-Salem is shipping on an average each week day to all parts of this country and to foreign lands at least \$150,000 of tobacco products.

"In conclusion, Winston-Salem manufactures more tobacco, all tobacco products are taken into this statement, than any other city on earth, little or big. Industrially, she is easily first in North Carolina population considered, first in America and I believe in the world; socially a never failing delight to her friends."

### Grow Garden Greens

Americans should eat more greens than they do at all seasons of the year in the opinion of J. S. Gardner of the Missouri Agricultural Experiment Station because they are palatable and help to keep one in good physical condition. In the spring many people eat a few meals of the old standby leaf crops such as spinach, lettuce, and dandelion, and then forget that these or similar crops should be grown and eaten throughout the summer and canned for winter use.

When warmer weather makes the spring crops woody or bitter, the tops of cabbage and beets may be used and still later chard or New Zealand spinach may be used because they are able to stand the hot weather and if they have gotten a good start in a normally wet spring they will thrive on a very small amount of rainfall. They should be started early in the spring, usually about the time early cabbage is set out.

Chard is sown at the rate of one or two seeds per inch in drills at least 18 inches apart and when the plants begin to crowd they are gradually thinned out so that they finally stand 6 inches apart. The plants so removed are cooked and used much as spinach is. The leaves of

## Local Happenings

T. J. Ragland spent Sunday in Kansas City.

Sheriff William H. Waddell went to Higginsville Monday to spend the day on business.

Miss Marion Vore of Central College went to Kansas City Sunday morning to see her father, who is in the German Hospital for treatment.

Mr. and Mrs. Herman Bruns of Kansas City spent Sunday here with relatives.

John Hix returned Sunday morning from a business trip to St. Louis.

Hubert Field of Kansas City spent Sunday here with his parents, Judge and Mrs. Richard Field.

Corporal G. H. Vanderburgh of Fort Leavenworth, Kansas spent Sunday here with his wife.

Edwin Bour of Kansas City spent Sunday here with his home folks.

Mrs. Hubert Bates went to Kansas City Saturday to attend the Russian Ballet at Convention Hall Saturday night.

Miss Florence Dick returned to her home in Kansas City Sunday morning after a visit here with her brother, James Dick at W. M. A. Her brother accompanied her home for a visit.

those that are left to reach a larger size may be cooked in the same way and the stems may be "creamed" and served as asparagus. The leaves and stems may be canned either together or separately, as greens are needed even more in the winter than in summer to vary the restricted diet. In ordering seed no mistake will be made in specifying "Lucullus" which has proven a very good variety.

New Zealand spinach is unlike the ordinary early spinach in the manner of growth and the appearance of the leaves. It is a large branched plant with leafy side shoots which are pulled and used like those of the ordinary spinach which is a squatly rosette-like plant. New Zealand spinach should be thinned to stand 12 inches apart in rows at least 2 feet apart; 3 or even 4 feet will be better, especially in rich soil. If the narrower spacing is used the plants must be trained windrows as sweet potato vines sometimes are. If the plants grow too rapidly, the tops may be canned about as ordinary spinach is. The foliage should not be allowed to accumulate too much or stay too long on the plants, for the more succulent tops there will be, and with proper management the plants will thrive and produce a great deal of food until frost.

In selecting and preparing the soil for these "greens" see to it that too thin a soil is not picked out and that there is plenty of well-rotted manure worked into both for the sake of the plant food because it will enable the soil to hold water and withstand drought.

### Storage Room For Rent.

If you wish to store away household furniture or anything else, phone 697.

## BREAK UP BRONCHIAL COUGHS, CROUP AND COLDS PROMPTLY

Make the Best Remedy at Home—128 Teaspoonful for 50 Cents.

Don't neglect your cold, cough or any Bronchial affection, but commence treatment immediately and through using the proper medicine it can be checked from the very start and promptly cured, but if neglected probably will hang on all spring, if it does not develop into something more serious, such as Pneumonia or Consumption. True there are hundreds, yes thousands of cough remedies on the market. While some are good, there are many which are not, but are positively harmful, due to the narcotics which they contain. But why experiment with these different remedies purely on the strength perhaps of some testimonials or on the exaggerated claims of the manufacturers, when Schiffman's New Concentrated Expectorant is sold by Crenshaw and Young, on such a positive guarantee to give perfect satisfaction, yes even more—money will be refunded by them if it is not found to be the best remedy ever used in Severe Coughs, Colds, Whooping Cough or Croup, and it will also be found excellent for Bronchial Asthma and Bronchitis. Besides these druggists guaranteeing "that it will be the best remedy ever used," it will likewise be found the most economical, because one bottle (50 cents worth) makes a full pint (128 teaspoonful) of the most excellent medicine for any of the above affections, when mixed at home with one pint of granulated sugar and one-half pint of water. It makes as much, or more, than would cost you \$2.00 to \$3.00 of almost any of the ordinary ready-made kinds, sold in bottles holding only 24 to 32 teaspoonful. You will be the sole judge yourself and under the same positively "Money Back" guarantee which the druggists make for the famous Asthmador. Absolutely no risk is run in buying this remedy.

HOW TO GET THIS  
\$2.25 ALUMINUM GRIDDLE  
AT A SAVING OF \$1.40

Get 50 cents worth of Karo from your grocer, and send the labels to us together with 85 cents and we'll send you this \$2.25 Solid Aluminum Griddle by prepaid parcel post.

HERE is a clean cash saving of \$1.40—and thousands of housewives have already taken advantage of this remarkable chance to get an aluminum griddle for less than the wholesale price.

This Aluminum Griddle needs no greasing. It doesn't chip or rust. It heats uniformly over entire baking surface—doesn't burn the cakes in one spot and leave them underdone in another. It doesn't smoke up the kitchen—and the cakes are more digestible than when fried in grease.

At great expense we are seeking to place a Karo Aluminum Griddle in the homes of all Karo users, so that Karo—the famous spread for griddle cakes and waffles—may be served on the most deliciously baked cakes that can be made.

You know Karo, of course. Nearly everybody does—65,000,000 cans sold last year alone. And you doubtless know the wonderful cleanliness and durability of Aluminum ware.

If you are a Karo user already then you know all about this wonderful syrup—you know how fine it is as a spread for bread; how delicious it is with griddle cakes, waffles, hot biscuits and corn bread.

Get 50 cents worth of Karo from your grocer at once, and send the labels and 85 cents (P. O. money order or stamps) to us and get one of these Aluminum Griddles by prepaid parcel post.

Remember that our supply is going fast—so get your Karo today. We will also send you free one of the famous Corn Products Cook Books.
